KENTUCKY OIL.

Situation in Eastern Kentucky ably has the most territory, yet the Reviewed at Length.

Since Kentucky first began to be main has the old Ragland farm, on developed as an oil field the move- which the first work in Bath county was done, the Ewing farm, conments of the Standard Oil Company as regarded the State have taining some ten thousand acres, Sunday night by Rev. Blevins . been watched with much interest, and the Wolly farm, almost as Before the Standard made known large. On the 130-acre Ragland nicely with Mrs. D. K Leslie as superits intention to build a line from tract there are twenty-five wells, intendent Somerset to Parkersburg, W. Va., with an average depth of from 350 and daughter, Ella. visited relatives at all anxiety awaited the time when to 390 feet. On the Ewing there Catlettsburg Saturday the field could produce enough oil to 390 feet. On the Ewing there are ten wells, all a little deeper than those on the Ragland because time, is improving. We are then those on the Ragland because the Ewing farm is higher ground. The No. 11 is now drilling. The Kentucky has looked on with joy and has awaited with anxiety the Kiney farms and the Williams. the main line and started on its and east of Ragland. The comway to the refineries. That time pany's production is on the lower will soon be.

McKiney farm. Here thirteen O'Daniel passed here enroute to Kinner.

Of all the work the Standard has wells are pumping regularly, three folks attended Sunday School at Long done in the State, what it has done have just been shot and put in a Branch Sunday and is doing in Bath county, is giving rise to the most comment. wells at work on the Williams quite a number of years, made his remost ing respect to least the comment. those who are most interested in been at work for some time are Emma Wellman, of Buchanan, depart, within our grasp free of tax to the the Bath county division of the making from 100 to 150 barrels per ed this life May 26, 1903. She leaves a Kentucky field. The Cumberland day. The other companies here husband and two children to mourn as was done elsewhere. Pipe Line Company, the carrying branch of the Standard in Kentucky, has just completed a branch line from Saiyersville, Magoffin county, to the Ragiand farm, Bath county, a distance of forty-one county, a distance of forty-one wells are at work. One well is Pipe Line Company, the carrying are not pumping at present, as all their loss She was a good christian tion of the entire State by the Kentneky all known laws of gravitation. pipe. It was tested on Friday now drilling on the Thomas farm. Weep not dear ones for her, but trust night, May 9, and it took 800 Just above the Licking valley in the Lord. You will meet her in the tunity that was ever extended to any o som as pressure to send water property are the holdings of the better world above.....

disgrace to see thousands of dollars sent North overy year for an article of prime necessity that can be produced so abundantly and chespsell Bath's lubricating oil just as it is selling that of Knox, but to whom no one seems to know. That the C. and O. will take at least a part of this production is probable, but not known to be a fact.

The price that the Standard is getting for the Wage oil in Knox and the price it will get for the Bath oil remain to be ascertained. It is thought the Wage oil is bring. It is thought the Wage oil is bring. It is thought the Wage oil is bring. In this made the weak strong, vigorous, and it is thought the Wage oil is bring. In the see of four times what the long three or four times what the long three minutes.

Louis World's Fair?

Many of the citizens of the Sandy in the long time that can be imputition in the blood. If they are like the wast or out of order, they fail to do their wast of the development of the valley along all lines that would bring out the country large three minutes.

The kidney raick or out of order, they fail to do their wast of the waste of the waste or the waste or the waste or the waste It is thought the Wage oil is bring ing three or four times what the Standard is giving for it, which is now fifty-seven cents per barrel. The operators in Knox county, though they believe that the lubricating oil which they are produced in giving for it, yet they have never protested against the price as vigorously as have the operators of Bath. The reason for this is that the production of lubricating oil in Knox is limited and the companies that produce in much larger quantities the light.
